### **Christmas Day**

**( 25- December 2021)**

#### **Aims & Objectives of Christmas Day**

- Christmas has become such a big commercial enterprise that the baby Jesus is often forgotten amid all the Santa

Claus, the Grinch, the Disney characters that have become the face of this season.

- One must not forget that the reason we celebrate Christmas is because "God loved the world so much that he gave his one and only Son, so that everyone who believes in him will not perish but have eternal life." This is the good news that we were given thousands of years ago, for all people, and still holds true up to this time.
- The purpose of Christmas is to celebrate that God loves us, is with us and for us, all the time. Unlike most things, it does not have an expiry date and is not limited to one day

THE HISTORY OF THE UNITED STATES

1. The first part of the book is devoted to the early history of the United States, from the discovery of the continent by Christopher Columbus in 1492 to the establishment of the first permanent settlements. This period is characterized by the struggle between the European powers for control of the continent, and the gradual development of a distinct American identity.

2. The second part of the book covers the period from the American Revolution to the Civil War. This is a period of great political and social change, as the young nation struggles to define itself and its relationship with the world. The American Revolution is a key event in this period, as it marks the birth of the United States as an independent nation.

3. The third part of the book deals with the period from the Civil War to the present. This is a period of continued growth and development, as the United States emerges as a world power. The Civil War is a key event in this period, as it marks the end of slavery and the beginning of a new era of national unity.

there should also be afforestation and tree plantation to conserve the soil. Also, terrace farming and using natural fertilizers are some more ways. Waste management is a powerful way of protecting the environment. There must be proper disposal of wastes. Most noteworthy, this would help to keep the surroundings healthy. The government must ensure to clean the streets and other polluted land areas.

On 23 April 2022, Social Science association organised Slogan Writing Competition on Save Environment. The responses were enthusiastic and a lot of entries were received by students. This was a very enlightening experience for both students and organisers.
