EDITOR'S MESSAGE

The famous poet Robert Browning once wrote "Two roads diverged in the woods and I took the one less travelled by and that made all the differences.

Many a time we may also have taken the significant decision that changed the course of our lives. Some might have worked and some failed. But if we weigh the pros and cons, we will realize that all these vital experiences have definitely made us better in every perspective.

The world that we see around is a reflection of us. We can make it colorful if we want to or malign it with our darkest thoughts. It is how we perceive on well being. The great Greek Philosopher Epictetus said "Men are disturbed by things but the view they take of things by perceiving things in the right manner can view the world through the prism of wonderment and happiness and relish the clandestine grandeur of life.

The aim of Publishing the Journal "Gyan Aahuti" is to enhance the theory and practice of research in education. Contribution may comprise scholarly discussion of new issues, reports of research and review of research.

The Journal is intended to cover a wide range including interdisciplinary studies.

It is right step to spread light of knowledge. Even now we all are aware that higher education institutions in India lack research which is necessary for creation of new knowledge, discovery and creative endeavours. The purpose of research is to discover, to create new knowledge, new theory, new technologies etc. as to raise human civilization to greater heights.

A Journal of education gives an opportunity to scholars to publish their research papers and share new knowledge globally. I hope this Journal of education will help in imparting world class education.

Message for young Scholar:-

**You are the person who has to decide,
Whether you do it or toss it aside,
You are the person who make up his mind,
Whether you will lead or will linger behind,
Whether you will try for the goal that's afar,
Or just be contented to stay where you are.**

Our objective should be to maintain the momentum and further augment the growth on all fronts, with continued focus on best services to our institution.
Be not afraid of life, but believe that every experience life brings to you is for your good, Move on with faith, Believe and achieve!
Good luck and good wishes.
