EDITOR'S MESSAGE

Education has strong roots in the fields like philosophy, history, economics, psychology and sociology. The research is a process of which a person observes the phenomena again and again and collects the data and on the basis of date he draws some conclusions.

The aim of publishing the Journal "Gyan Aahuti" is to enhance the theory and practice of research in education. Contribution may comprise scholarly discussion of new issues, reports of research and reviews of research.

The journal is intended to cover a wide range including interdisciplinary studies. It is right step to spread light of knowledge. Even now we all are aware that higher education institutions in India lack research which is necessary for creation of new knowledge, discovery and creative endeavor.

The purpose of research is to discover, to create new knowledge, new theory, new technology etc, so as to raise human civilization to greater heights.

A Journal of Education gives an opportunity to scholars to publish their research papers and sharing new knowledge globally. I hope this Journal of education will help in imparting world class education. Our objective should be to maintain the momentum and further augment the growth on all fronts, with continued focus on best services to our institution.

Good luck good wishes.

Dr. Rakesh Sandhu
Editor-in-chief
